SurLok Plus™ EMI Version

Amphenol Industrial Operations now offers an 8.0mm SurLok Plus™ product with EMI protection.

The SurLok Plus™ compression lug is a field installable, highly reliable alternative to common compression lugs. Using industry standard crimp, screw, and busbar termination options, thus eliminating the need to purchase special torque tools.

Amphenol's SurLok Plus™ is environmentally sealed and features a quick lock and press-to-release design. Incorporating the latest R4 RADSOK® Technology, SurLok Plus™ is a compact, quick mating, and robust product line.

The RADSOK® high amperage contact technology utilizes high tensile strength properties of a stamped and formed, high conductivity alloy grid to produce low insertion forces while maintaining a large conductive surface area.

The R4 version of the RADSOK® represents the culmination of three years of research and development in laser welding copper based alloys.

The SurLok Plus™ EMI version has all of the high performance of the original but features EMI shielding which lends itself well to the EV market and its applications.

Features:

- EMI shielding
- HVIL function
- Secondary locking system
- Flammability: UL 94 V-0
- Wide amperage range: Up to 250A
- RoHS compliant

Technical Data			
Contact Size	8.0mm	IP Rating	IP 67
Current Rating	Up to 250A	Protection	Touch Proof
Operating Voltage	1000V AC/DC	Flammability	UL 94-V0
Operating Temp	-40°C to 125°C	Locking	Spring Locking

The markets and applications for the SurLok Plus™ EMI Version series include but are not limited to the following:

- EV/HEV
- BMS/Energy Storage
- Process Control/Automation
- Heavy Equipment

Size	Right Angle Plug Dimensions			
	A	B	C	D
8.0mm	26.2	41.2	86.2	25.8

Size	Straight Plug Dimensions		
	A	B	C
8.0mm	82.5	34.3	30.0

Size	Receptacle Dimensions			
	A	B	C	D
8.0mm	25.15	22.85	2.5	23.5

Product Series: SurLok Plus™ EMI Version		Plug		RADSOK® Size		Applicable Cable Size		Backshells		Sealing		Connector Color		Keyway		EMI		HVIL (Optional)
